

Filing for Unemployment in Ohio: Quick Tips and Step-By-Step Guide

When to Apply

Apply for unemployment benefits as soon as you become unemployed. Your claim will become effective the Sunday after your application is filed. Your first payment will begin processing after you (1) receive your eligibility determination AND (2) file your first weekly claim. Applying online will help expedite this process. If you are eligible, you will receive payments retroactive to the date you became eligible.

How to Qualify

If applying before April 5, 2020, you must have been employed for at least 20 weeks between October 1, 2018 and September 30, 2019. After April 5, 2020, the qualifying period begins January 1, 2019, and ends December 31, 2019. Additionally, you must have earned an average weekly wage (before taxes or other deductions) of at least \$269 during your 20 weeks of employment.
